Meet Ranique

An inspired social entrepreneur

When Ranique enrolled in an Entrepreneurship and Innovation course as an elective, the third-year math student didn't realize it would change her life.

Inspired to compete in the RBC Fast Pitch student competition at the Haskayne School of Business, she created Hidden Gemz, an app designed to transform the way Gen Z explores and interacts with the world around them.

Ranique earned a spot as a finalist in the Launchpad Liftoff! Pitch Competition and Innovate Calgary's BIPOC Women in Tech Pitch Competition. As her app attracts attention, so does she—for her entrepreneurial leadership.

A self-confessed social entrepreneur, Ranique says her experiential learning journey has been one of the best decisions of her academic career.

★ Payment plan option

We want to make it as easy as possible for our students to pay their tuition and fees. That's why UCalgary students have the option to self-enrol in a payment plan that allows them to pay in instalments over the term rather than all at once.

Financial awards

Common misconceptions

“I don’t qualify for an award.”

Criteria for awards at UCalgary varies—it’s not always based on academic merit. What you do outside of the classroom has as much of an impact in selections.

“The process is time consuming.”

Applying for High School Awards is easier than you think. You can complete one application to be eligible for hundreds of awards in about 15 minutes!

“If I don’t get an award as a new student, I’ll never receive anything.”

Many awards are available throughout your UCalgary journey. 75% of awards are for 2nd, 3rd and 4th year students.

WHEN AND HOW TO APPLY

You can apply for awards as soon as you’ve submitted your application for admission. You don’t have to wait to be accepted.

View the step-by-step instructions on our awards web page.
